Eckold HF100 HandFormer

HF100K

HF100PA100K

Model #	Reach x Gap	Aluminum Capacity	Steel Capacity	Stainless Capacity	Shipping Weight	Price
HF100	4" x 2 1/4"	0.078	0.059	0.039	69 lbs	\$2,240.00
HF100K	4" x 2 1/4"	0.078	0.059	0.039	76 lbs	\$3,790.00
HF100PA100K	4" x 2 1/4"	0.078	0.059	0.039	105 lbs	\$6,585.00

The Eckold HF100 series handformer is a stationary machine with a manual drive that replaces laborious hammer work when forming metal. It is suitable for shrinking and stretching metal sheets and profiles up to a thickness of 1.5 mm (16 gauge). The single stroke of the handformer makes it possible to operate tools for notching, punching and edging. The HF100K includes one set of FWA405SSP Shrinking and FWR407SSP Stretching Jaws. The HF100PA100K is equipped with a pneumatic drive and foot pedal which allows for hands free operation. Also includes: FWA405SSP and FWR407SSP. Additional tooling available. HZ52 Hand Plier

The Eckold hand pliers HZ52 are specially designed for making adjustments and corrections at the worksite by stretching and even shrinking. They can handle sheet metal and profiles up to .039" thickness or aluminum up to .059" thickness. HZ52 hand pliers are used for correcting or adjusting metal profiles and sheet flanges by shrinking or stretching.
